7th Grade Summer Reading Assignment 2022

Due Tuesday August 30, 2022

In junior high at Saint Gilbert School, we want students to continue to read over the summer.

Please select a book that is at your reading level. Look on the i-Ready Diagnostic Results for your Lexile Range and Measure. The book you choose does NOT need to be approved by a teacher.

Assignment: You will write a postcard on a 5 x 8" index card to your classmates that answers the questions below to celebrate your summer reading. Please include all of the requirements. Your responses can be handwritten or typed, your choice. On the due date, you will share your postcard about your novel with your classmates. **If it is not complete, you will lose 1 point for every day you do not have it done. After 5 days, you will receive a zero for the assignment. Due Tuesday, August 30th**

On the front of your postcard

- 1.) Author
- 2.) Title of book
- 3.) Favorite quote from the book
- 4.) Illustration/printed image of your favorite scene from the book

Example of the Front:

On the back of your postcard:

- 5.) Briefly summarize the plot (4-7 sentences)
- 6.) If this book was a color, what would it be and why? (One complete sentence)
- 7.) Provide two vivid adjectives to describe your novel's main character or topic. Explain your reasoning with specific support from the book.
- 8.) What group of readers (What age? What gender? What interests?) would you recommend this novel to and why? Explain your reasoning with specific support from the book.

Example of the Back:

5. This book is about a young Indian boy named Pi whose family owns a zoo. The family moves with their zoo to Canada by ship, but they tragically shipwreck at sea. The only ones who survive are the young boy and the zoo's prized possession: its Bengali tiger. Pi is forced to coexist with the ferocious tiger and limited supplies aboard a lifeboat in the middle of the ocean. Pi's unbelievable tale of survival is narrated by his older self, reflecting on the life-altering experience.
6. If this book was a color, it would be orange to represent the main character's biggest conflict (the tiger) and to also represent the main character's courage that burns inside him and keeps him motivated to survive.
7. Pi is pious because he is committed to his faith and never loses hope. Pi is dauntless because he has courage in the face of danger.
8. I would recommend this novel to anyone who enjoys tales of adventure and survival. I would also recommend this novel to anyone curious about various spiritualities, as Pi discusses his personal spiritual journey and how religion has helped him through his rather tragic life.
